

TOPIC & SPEAKERS

ARCHAIC & OBSOLETE STRUCTURES

...presented by **DON FRIEDMAN, P.E.**

This presentation will address old structural systems such as unreinforced brick masonry, cast-iron columns, terra-cotta tile-arch floors, and cinder-concrete draped-mesh floors. Mr. Friedman is the President of Old Structures Engineering, PC. He has had a 25 year career with firms that specialize in the renovation and repair of buildings with archaic and obsolete structural systems.

ENGINEERING ETHICS

...presented by **GREG CAFOUROS, P.E.**

This presentation will focus on the sources of an engineer's rules of conduct, the most common areas of ethical conflict, a case study with specific, real-world examples, and a summary of Indiana's political contribution limits. There will be time for questions and answers. Mr. Cafouros is a partner in the Indianapolis law firm of Kroger, Gardis & Regas, where he specializes in construction and environmental law, real estate and zoning matters. He is a licensed professional engineer in Indiana and serves as General Counsel of ACEC Indiana.

SURFACE PREPARATION OF METALS

...presented by **TROY FRAEBEL**

In this session, the surface preparation standards of steel, ductile iron, stainless steel, galvanizing, and aluminum will be explained. Mr. Fraebel has nearly 25 years of experience in the protective coatings industry. He is a NACE Certified Coating Inspector and an SSPC (Society for Protective Coatings) Protective Coating Specialist.

THE FUTURE OF STRUCTURAL TESTING AND SPECIAL INSPECTIONS IN INDIANA

...presented by **DON CORSON, P.E.**

Indiana's deletion of the International Building Code (IBC), Chapter 17 (Structural Tests and Special Inspections) has created potential hazards. This presentation will provide an overview of the issue, the proposed actions, and provide an opportunity to hear the comments and concerns of seminar participants. The topic will begin with a presentation from Don Corson, PE, Structural Group Leader for American Structurepoint, Inc. There will be a discussion panel made up of representatives of several concerned Indiana Structural Engineering Organizations/Associations. Seminar attendees can ask questions and will be requested to provide opinions.
