For membership consideration please return this completed form along with a check payable to "Indiana Structural Engineers Association" and return to address listed above.

INDIANA STRUCTURAL ENGINEERS ASSOCIATION, INC (ISEA)

Membership in the Association may be held by individuals only, and shall consist of the following grades: MEMBER, ASSOCIATE MEMBER, STUDENT MEMBER, and LIFE MEMBER. Voting privileges concerning official affairs of the Association are reserved for active MEMBERS and ASSOCIATE MEMBERS. Voting privileges of STUDENT MEMBERS are limited to the organizational levels of Student Chapters. Please see the special membership definition below for AFFILIATE MEMBER for Association Sponsors.

A MEMBER in the Association shall be:

- a. Licensed as a Professional Engineer in the State of Indiana, and by education and practice is predominately engaged in the practice of structural engineering; or
- b. A person who, in the unanimous opinion of the Board of Directors, has attained such eminence in the field of structural engineering as to qualify him or her for the grade MEMBER.

An ASSOCIATE MEMBER at the time of admission to the Association shall have been regularly engaged for at least 4 years in structural or related engineering. The Board of Directors may consider graduation in structural or architectural engineering from an accredited college or university together with the successful acquisition of their Engineer In Training certification as equivalent of those 4 years.

A STUDENT MEMBER at the time of admission to the Association, and while holding this grade, shall be a Junior, Senior, or Graduate Student interested in structural or related engineering who is a full time student in an accredited engineering or architecture school or college.

Transfer from STUDENT MEMBER to ASSOCIATE MEMBER, or from ASSOCIATE MEMBER to MEMBER shall be automatic when the requirements for the higher grade of membership have been attained.

A LIFE MEMBER shall:

- a. Have been a member in good standing of this Association for a minimum of 10 years; shall, in the opinion of the Board of Directors, have retired from actively practicing engineering; shall have made written request to the Board of Directors for such membership classification; and shall have been awarded such membership classification by the Board; or,
- b. Be a member who has been active in the profession of Structural Engineering for a minimum of 10 years; and who, in the opinion of the Board of Directors, has contributed outstanding service to the profession of Structural Engineering and the Association.

A member receiving such honorary title shall retain the class of membership previously held, together with its privileges, plus the designation "Life".

A Sponsoring AFFILIATE Member Firm shall be qualified by reason of position in the industry to cooperate with Structural Engineers in the advancement of their professional knowledge, practice and welfare.

Committee Membership:

Your participation and contribution to various ISEA Committees would be greatly appreciated. Please indicate if you would like to take an active role in any of the following:
